

FOR VISION CARE PROVIDERS

Medicaid–Medicare Bulletin Tracking System

SUBSCRIPTION

\$6,500

per year

All sources included

Every CMS, Medicare, and state Medicaid bulletin that affects your practice — tracked daily, delivered to your inbox.

Medicaid and Medicare policy changes arrive continuously from dozens of separate publishers. Missing one can mean denied claims, failed audits, or out-of-date authorization rules. The Bulletin Tracking System monitors them all in one place, so your billing and compliance staff don't have to.

52

COVERAGE & CADENCE

Full national coverage

Bulletins and provider alerts from CMS and 51 jurisdictions or state Medicaid agencies.

Updated every business day

Refreshed daily, excluding weekends and holidays — issuances captured the day they post.

Daily email alerts

A morning digest of each day's new bulletins, so nothing needs to be checked manually.

WHAT SUBSCRIBERS RECEIVE

Daily email alerts

Every new bulletin since the last update.

State bulletin reports

Everything a single jurisdiction has issued.

Cumulative indices

A running index across all sources.

Date-of-issue reports

Organized by day, week, and month.
